Dear Sir

I send you  
by Mail 2 boxes and seeds of *Abies  
macrocarpa*. Dr Palmer requested me  
to send them to you. The new oak  
did not bear this year, so of course  
do not send any acorns. I will leave  
some time this month for Gulf Cal-  
ifornia. To make a collection of new  
plants, Cactus, Palms &c I collected  
many new species the last two seasons  
some that were photograph'd by Mr  
Parker of San Diego, also many new  
sp. plants, some of which I have the  
seeds of. I found two *Agaves*. Think  
that you named them. expect to  
find more new sp. the coming sea-  
son

Truly Yours
